REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To the Shareholders of Bank AlJazira
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim consolidated statement of financial position of Bank AlJazira ("the Bank") and its subsidiaries (collectively referred to as "the Group") as of 31 March 2014, and the related interim consolidated statements of income, comprehensive income, changes in equity and cash flows for the three months period then ended along with notes from 1 through 16. We have not reviewed note 16, nor the information related to "Basel III – Capital Structure" cross-referenced therein, which is not required to be within the scope of our review. The Bank's management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with applicable Accounting Standards for Financial Institutions and certain capital adequacy disclosure requirements issued by the Saudi Arabian Monetary Agency ("SAMA") and with International Accounting Standard No. 34 "Interim Financial Reporting" (IAS 34). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with generally accepted standards in the Kingdom of Saudi Arabia applicable to review engagements and with International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards in the Kingdom of Saudi Arabia and International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with applicable Accounting Standards for Financial Institution issued by SAMA and with IAS 34.

Other regulatory matters

As required by SAMA, certain capital adequacy information has been disclosed in Note 15 to the accompanying interim condensed consolidated financial statements. As part of our review, we compared the information in Note 15 to the relevant analysis prepared by the Bank for submission to SAMA and found no material inconsistencies.

The comparative figures shown in these interim condensed consolidated financial statements were reviewed by Ernst & Young and another auditor, whose review report contained an unqualified conclusion.

NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE MONTHS PERIOD ENDED 31 MARCH 2014 AND 2013

2. BASIS OF PREPARATION

These interim condensed consolidated financial statements are prepared in accordance with the accounting standards for financial institutions promulgated by the Saudi Arabian Monetary Agency (SAMA) and International Accounting Standard No. 34 – “Interim Financial Reporting”. The Bank prepares its interim condensed consolidated financial statements to comply with the Banking Control Law and the Regulations for Companies in the Kingdom of Saudi Arabia.

These interim condensed consolidated financial statements are prepared on the historical cost convention except for the measurement at fair value of derivatives, financial instruments held as at Fair Value through Income Statement (FVTIS) and Fair Value through Other Comprehensive Income Statement (FVTOCI). In addition, financial assets or liabilities that are hedged in a fair value hedging relationship, and otherwise carried at cost, are carried at fair value to the extent of risk being hedged.

The interim condensed consolidated financial statements do not include all of the information required for annual consolidated financial statements and should be read in conjunction with the annual audited consolidated financial statements as of and for the year ended 31 December 2013.

The preparation of interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed consolidated financial statements, the significant judgments made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements as at and for the year ended 31 December 2013.

These interim condensed consolidated financial statements are expressed in Saudi Arabian Riyals (SR) and are rounded off to the nearest thousands.

Bank AlJazira

(A Saudi Joint Stock Company)

NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31 MARCH 2014 AND 2013 (continued)

3. BASIS OF CONSOLIDATION

These interim condensed consolidated financial statements comprise the financial statements of Bank AlJazira and its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as that of the Bank, using consistent accounting policies.

a) Subsidiaries

Subsidiaries are entities which are controlled by the Bank. The Bank controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. To meet the definition of control, all of the following three criteria must be met, including:

- i. the Bank has power over an entity;
- ii. the Bank has exposure, or rights, to variable returns from its involvement with the entity; and
- iii. the Bank has the ability to use its power over the entity to affect the amount of the entity's returns.

Subsidiaries are consolidated from the date on which control is transferred to the Bank and cease to be consolidated from the date on which the control is transferred from the Bank. The results of subsidiaries acquired or disposed of during the period, if any, are included in the interim consolidated statement of income from the date of the acquisition or up to the date of disposal, as appropriate.

b) Non-controlling interests

Non-controlling interests represent the portion of net income and net assets of subsidiaries not owned, directly or indirectly, by the Bank in its subsidiaries and are presented separately in the interim consolidated statement of income and within equity in the interim consolidated statement of financial position, separately from the Bank's equity. Any losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

c) Transactions eliminated on consolidation

Balances between the Bank and its subsidiaries, and any unrealized income and expenses arising from intra-group transactions, are eliminated in preparing the interim condensed consolidated financial statements. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

d) Associates

Associates are enterprises over which the Bank exercises significant influence. Investments in associates are initially recognized at cost and subsequently accounted for under the equity method of accounting and are carried in the interim consolidated statement of financial position at the lower of the equity-accounted or the recoverable amount.

Equity-accounted value represents the cost plus post-acquisition changes in the Bank's share of net assets of the associate (share of the results, reserves and accumulated gains/losses based on latest available financial statements) less impairment, if any.

Bank AlJazira

(A Saudi Joint Stock Company)

NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED 31 MARCH 2014 AND 2013 (continued)

3. BASIS OF CONSOLIDATION (continued)

d) Associates (continued)

The previously recognized impairment loss in respect of investment in associate can be reversed through the interim consolidated statement of income, such that the carrying amount of investment in the interim consolidated statement of financial position remains at the lower of the equity-accounted (before provision for impairment) or the recoverable amount.

4. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2013 except for the adoption of the following new standards and other amendments to existing standards mentioned below which had an insignificant financial impact on the interim condensed consolidated financial statements of the Group for the current period or prior period and is expected to have an insignificant effect in future periods:

- Amendments to IFRS 10, IFRS 12 and IAS 27 that provides consolidation relief for investments funds applicable from 1 January 2014. This mandatory consolidation relief provides that a qualifying investment entity is required to account for investments in controlled entities as well as investments in associates and joint ventures at fair value through profit or loss provided it fulfils certain conditions with an exception being that subsidiaries that are considered an extension of the investment entity's investing activities.
- IAS 32 amendment applicable from 1 January 2014 clarifies that a) an entity currently has a legally enforceable right to off-set if that right is not contingent on a future event and enforceable both in the normal course of business and in the event of default, insolvency or bankruptcy of the entity and all counterparties; and b) gross settlement is equivalent to net settlement if and only if the gross settlement mechanism has features that eliminate or result in insignificant credit and liquidity risk and processes receivables and payables in a single settlement process or cycle.
- IAS 36 amendment applicable retrospectively from 1 January 2014 addresses the disclosure of information about the recoverable amount of impaired assets under the amendments. The recoverable amount of every cash generating unit to which goodwill or indefinite-lived intangible assets has been allocated is required to be disclosed only when an impairment loss has been recognised or reversed.
- IAS 39 amendment applicable from 1 January 2014 added a limited exception to IAS 39, to provide relief from discontinuing an existing hedging relationship when a novation that was not contemplated in the original hedging documentation meets specified criteria.

9. DERIVATIVES

The table below sets out the fair values of the Group's derivative financial instruments, together with their notional amounts. The notional amounts, which provide an indication of the volume of transactions outstanding at the end of the period, do not necessarily reflect the amounts of future cash flows involved. These notional amounts, therefore, are neither indicative of the Group's exposure to credit risk, which is generally limited to the positive fair value of the derivatives, nor market risk.

12. OPERATING SEGMENTS

The operating segments have been identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segments and to assess their performance.

All of the Group's operations are based in Kingdom of Saudi Arabia.

Transactions between the business segments are recorded based on the Group's transfer pricing methodology. Segment assets and liabilities mainly comprise of operating assets and liabilities.

For management purposes, the Group is organized into following main operating segments:

Personal Banking

Deposit, credit and investment products for individuals.

Corporate Banking

Loans, deposits and other credit products for corporate, small to medium sized businesses and institutional customers.

Treasury

Treasury includes money market, foreign exchange, trading and treasury services.

Brokerage and Asset Management

Provides shares brokerage services to customers (this segment includes the activities of the Bank's subsidiary AlJazira Capital Company).

Takaful Ta'awuni

Takaful Ta'awuni provides protection and saving products services and is fully Shari'ah compliant and is substitute to conventional life insurance products.

As required by the Insurance Law of Saudi Arabia, the Group has spun off its insurance business in a separate entity formed under the new Insurance Law of Saudi Arabia.

AlJazira Takaful Ta'wuni Company (ATT) was formed and listed on the Saudi Stock Exchange (Tadawul). ATT also received its insurance license from SAMA in December 2013 and started its commercial operations during the period ended 31 March 2014. The Group collectively holds a 35% share in ATT as at 31 March 2014. The current division represents the insurance portfolio which will be transferred to ATT at an agreed value and date duly approved by SAMA

The Group's total assets and liabilities at 31 March 2014 and 31 March 2013, its total operating income and expenses, and its net income for the three months then ended, by business segment, are as follows:

13. SHARE CAPITAL AND EARNINGS PER SHARE

The authorized, issued and fully paid share capital of the Bank consists of 300 million shares of SR 10 each (31 December 2013: 300 million shares of SR 10 each; 31 March 2013: 300 million shares of SR 10 each).

The earnings per share for three months ended 31 March 2014 was SR 0.53 (for three months ended 31 March 2013: SR 0.48).

The calculation of diluted earnings per share is not applicable to the Group.

The Board of Directors of the Bank in their meeting held on 3 April 2014 (corresponding to 3 Jumad Al-Thani 1435) proposed to the Extraordinary General Assembly to increase the Bank's share capital from SR 3 billion to SR 4 billion through the issuance of bonus shares to shareholders of the Bank (one share for each three shares). The proposed increase in the Bank's capital is subject to Extraordinary General Assembly meeting approval. All regulatory approvals have been obtained.

14. FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction takes place either:

- In the accessible principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous accessible market for the asset or liability

The fair values of on-balance sheet financial instruments, except for investments held as at amortised cost, are not significantly different from the carrying values included in the interim consolidated financial statements. The fair values of loans and advances, commission bearing customers' deposits, due from/to banks and other financial institutions which are carried at amortised cost, are not significantly different from the carrying values included in the interim consolidated financial statements, since the current market commission rates for similar financial instruments are not significantly different from the contracted rates, and for the short duration of due from/to banks and other financial institutions. The estimated fair values investments held as at amortised cost are based on quoted market prices when available or pricing models when used in the case of certain fixed rate sukuk. The fair values of these investments are disclosed below.

The fair values of derivatives and other off-balance sheet financial instruments are based on the quoted market prices when available or by using the appropriate valuation techniques.

Financial assets as at 31 March 2014	Carrying amount	Fair value
Held as at amortised cost (SAR'000)	<u>12,060,463</u>	<u>12,083,575</u>

The fair values of investments held as at amortised cost are not significantly different from carrying values. Some of the investments disclosed above are quoted in a market but not actively traded, whilst the remaining are unquoted.

14. FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

Determination of fair value and fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1: quoted prices in active markets for the same or identical instrument that an entity can access at the measurement date,
- Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data, and
- Level 3: valuation techniques for which any significant input is not based on observable market data.

15. CAPITAL ADEQUACY

The Group's objectives when managing capital are to comply with the capital requirements set by SAMA to safeguard the Bank's ability to continue as a going concern and to maintain a strong capital base.

Capital adequacy and the use of regulatory capital are monitored on a regular basis by the Bank's management. SAMA requires holding the minimum level of the regulatory capital and maintaining a ratio of total eligible capital to the risk-weighted assets at or above the agreed minimum of 8%.

The Group monitors the adequacy of its capital using ratios established by SAMA. These ratios measure capital adequacy by comparing the Bank's eligible capital with its consolidated statement of financial position assets, commitments and notional amount of derivatives at a weighted amount to reflect their relative risk.

The following table summarizes the Group's Pillar-I Risk Weighted Assets, Tier I and Tier II Capital and Capital Adequacy Ratios:
